Relief From Psoriasis – Dignity and Life Restored!

My neighbor had been suffering from a really bad case of psoriasis since childhood and hadn't found anything that could help her for more than a couple of days, and then the psoriasis would come back. She was in a lot of pain and during her teenage years, she constantly felt disgusting and ugly and that she was never going to find a boyfriend. When I bought my hydrogen generator, I offered to let her use it as much as she wanted, and she did.

Already after one week, she was doing a lot better and was in much less pain.

Her joints were also less painful, and her skin was looking better than ever. Two weeks later, she was so much better that she decided to start saving up for a hydrogen device of her own. Thank you, Boris, for giving a young woman her dignity and life back!

The Hydrogen Revolution – a Universal Therapy

Thirty years ago, Boris met with the Russian professor Vladimir Volkov, a practicing physician and researcher. He claimed that all humans are deficient in hydrogen and that it is one of the main causes of various diseases. He argued that the solution to all health problems and a long life lies in adding hydrogen to the body. Professor Volkov has written many books on hydro-gen, one of which is entitled "Live 280 years on Earth", meaning that man could live 280 years, which of course might sound unbelievable. But over time, his theory about adding hydrogen to the body has become increasingly substantiated via a large number of scientific studies.

Today, at least 100 scientific articles on hydrogen in the form of gas and dis-solved in water are published every year. Adding hydrogen to the body affects all kinds of health problems as cells are energized and organs and systems will begin to function better.

Hydrogen is a universal therapy method – more effective than any other therapy as it reaches all the way into the cell and the DNA, reaching the ENTIRE body, all its organs, all its systems. It's THE most effective therapy for health and rejuvenation!

And these days, we are lucky to be able to take advantage of modern technologies which can produce both hydrogen gas and hydrogen water with 99.9% purity. So today, there are truly new, incredible, opportunities available for human health!

What Is Hydrogen Water and Hydrogen Gas?

Hydrogen water is pure water with the addition of hydrogen molecules (H₂). Hydrogen is a natural antioxidant that counteracts aging and fights diseases. Hydrogen-activated water is created by electrolysis. The result is an odorless, colorless, and tasteless water that helps improve almost all of the body's functions and fights free radicals in your body. Drinking water with hydrogen and inhaling hydrogen is very beneficial for both adults and children.

Properties of hydrogen water and hydrogen gas:

- ✓ Anti-oxidant
- ✓ Anti-inflammatory
- ✓ Anti-allergic
- ✓ Naturally stimulates the energy metabolism in the body
- ✓ Has a generally strengthening effect on the human body

Why Do We Need to Add Molecular Hydrogen to Water?

According to modern scientific concepts, one of the main causes of aging and acute and chronic diseases is reactive oxygen atoms, or oxidants. Our bodies produce free radicals, unstable molecules which form when atoms gain or lose electrons, due to stress, environmental pollution, unhealthy diet or a poor lifestyle. Excessive amounts of free radicals damage our DNA, ribonucleic acid and proteins, leading to cell damage and disease. Learning to neutralize and balance free radicals is key to reducing oxidative stress and maintaining good physical and mental health. Hydrogen attaches to the free radical, neutralizes it and eliminates it from the body.

Molecular Hydrogen Water Has Huge Potential Health Benefits

Studies show that the use of molecular hydrogen water has huge potential health benefits. Below is a very brief summary of the potential health benefits of inhalation of hydrogen and drinking molecular hydrogen water.

Many research studies substantiate the following:

- ✓ Hydrogen acts as an antioxidant that prevents organ and cell damage. It supports and strengthens your natural antioxidant system
- ✓ Hydrogen acts as an anti-inflammatory agent
- ✓ Reduces pain, especially in joints
- ✓ Protects your muscles and improves the effectiveness of your exercise regimen
- ✓ Helps speed up post-workout recovery
- ✓ Helps fight diabetes, obesity, and metabolic syndromes
- ✓ Provides protection against cancer and reduces the side effects of chemotherapy in some patients
- ✓ Helps every cell and organ in the body to function at a higher level of efficiency. From eyes to kidneys, brain, heart, reproductive organs, liver, adrenal glands, ears, lungs, skeleton, joints
- ✓ Improves the immune system, fights infections, and reduces cancer risks
- ✓ Protects DNA from radiation damage
- ✓ Helps reduce arthritis in the joints
- ✓ Improves wound healing

- ✓ Helps with weight loss and reduces hunger
- ✓ Helps heal the brain from traumatic injuries and dementia
- ✓ Helps with mood swings
- ✓ Prevents aging skin and tissues
- ✓ During pregnancy, it can reduce toxemia/poisoning and improve fetal brain development as well as reduce autism and cognitive disorders in children
- ✓ Promotes a better PH balance in the blood

When We Add Hydrogen to the Body, Amazing Things Can Happen!

Why? Because the hydrogen molecule is the smallest molecule in the universe and permeates the cell membranes easily and is able to neutralize the negative oxidants – the biochemical properties of the hydrogen molecule make it *the best antioxidant known to science!*

1 Improve the Immune System

Reduces oxidative stress, strengthens the immune system cells, reduces inflammation. Drinking 1–1.5 liters of H₂-rich water a day is like eating lots of superfoods.

2 Rejuvenation and More Beautiful Skin

Hydrogen gas and hydrogen water have a noticeably rejuvenating effect on the body as they act at the cellular level and also on the cell nucleus. No other antioxidant can reach that far into the body. It protects the DNA and the RNA from damage and thus slows down the aging process. Hydrogen water and hydrogen gas stimulate the collagen synthesis. A regular use of hydrogen water can dramatically improve the health of the skin, nails and hair, relieve

inflammation and reduce wrinkles. It can be used externally for cosmetic procedures. Thanks to its high permeability, the skin becomes soft, moisturized and without redness.

3 Detoxing

By interacting with free radicals (hydroxyl), hydrogen converts them into water molecules without forming any by-products or causing chain reactions.

This property of hydrogen explains the absence of side effects and contra-indications when using hydrogen therapy.

4 Improved Metabolism and Normalized Weight

By increasing the production of ATP molecules in the mitochondria, the energy metabolism is improved, which leads to a consistent elimination of body fat as well as a normalized weight.

Both hydrogen gas and hydrogen water have been studied with regards to the metabolism, improvements in fat burning and weight loss, and the results are very encouraging.

5

Improvement of Brain Function

Hydrogen is the only antioxidant that can easily cross the blood-brain barrier and eliminate oxidants in the brain. Both hydrogen gas and hydrogen water have been studied in relation to brain health, as well as protection against harmful chemicals – all with remarkable results.

6 Allergies

Hydrogen has anti-inflammatory, anti-apoptotic and anti-allergic properties. Drinking hydrogen-rich water for four weeks eliminated an immediate allergic reaction in mice, according to a study in Japan.

Histamine levels in the blood of mice that drank a lot of hydrogen water were lower than in mice that did not.

Hydrogen Against Aging and Diseases

Value: \$50

PDF

Thanks to their small size, hydrogen molecules can reach all the way into the cells and de-oxidize the mitochondria, the DNA molecules and the genes. This is what distinguishes hydrogen therapy from other treatments. It is oxidation in the cells that can cause premature aging and many serious diseases.

In this booklet, Boris explains the enormous possibilities hydrogen enables when it comes to creating a long and healthy life.

Effective Visualization Exercises for the Mind

Wize Training™ are innovative visualizations and exercises for the mind that can be very helpful for your health.

By creating movement and energy in the body. These exercises are perfect for everyone and in particular for the elderly and people with disabilities.

It is a well-known fact that almost all health problems are linked to a poor administration of nutrients and oxygen to the cells and an insufficient removal of waste products, toxins and dead cells.

The original cause is often stagnation in the body including contaminated and sluggish blood vessels resulting in thicker blood causing stagnation in the lymphatic system and in the intercellular fluids. That is why people are advised to exercise – to reduce stagnation. And this is important! But physical movement does not always reach and affect the body deeply enough.

This program is probably the easiest way imaginable if you want to get your body into shape without a physical regimen and can be done from your couch! The exercises in Wize training™ are based on energetic visualizations, using your hands, and visualizing energetic stretchings and pulsations with the help of animations, music and holding the breath. The visualization techniques we're using have been tested for many years and have been scientifically proven to be very effective in a number of studies. So they truly work, are fun and effective, and can be very helpful for a large number of people!

Effective Breathing – a Way to Rebuild Your Health

It is known that the oxygen we breathe saturates the bloodstream, but often there is too little oxygen in the cells.

Almost all diseases start with oxygen deficiency in the cells, which makes it very important to ensure good cell oxygenation. The "Smart Breathe™" helps correct our breathing and ensure the right amount of carbon dioxide in the

blood by providing a basis for breathing exercises using resistance and long exhalations. These help to start the healing process, increase the body's resistance, and protect us against disease.

Results from a Clinical Study on Breathing with Smart Breathe™

Smart Breathe™ has been clinically tested by physicians at the Max Hospital in Delhi, India. A two-month study with 37 elderly people used Smart Breathe™ approximately one hour per day.

The results were as follows:

- ✓ Reduction of high blood pressure
- ✓ Increased breathing power
- ✓ Improved sleep
- ✓ Reduced fatigue
- ✓ Energizing and vitalizing
- ✓ Loss of depression
- ✓ Asthma alleviation
- ✓ Heart issues alleviated
- ✓ Total health index increased by 17%

These results were achieved after only two months of breathing with Smart Breathe™. You can read the full report, Effects from SmartBreathe™ in a Resthome for the Elderly, New Delhi, India, 2013 [here](#).

Testimonials

I Have Been Using Hydrogen Now for Three Weeks and I'm Nothing Short of Stunned!

"I have had severe health problems for 35 years and now, finally, I can sleep through the night and wake up well rested! I have so desperately searched for help but haven't found anything until now that has helped me sleep well. I know so many people who have the same problem, and I would definitely recommend them to use hydrogen."

Thoughts So Much Clearer After Using Hydrogen for 3 Days! Feeling Awesome!

"I collapsed 11 years ago from pushing myself way too hard for decades. I was totally burned out and I could hardly take care of my children, not to mention going to work. The journey back to life has been long and difficult for me and my family, and when I heard about hydrogen and its health benefits, I grabbed that chance and bought a machine. I already know it was a great buy! My thoughts have been so much clearer after using hydrogen for 3 days. Only 3 days!! I am still feeling awesome now after one month, and I am so full of energy that I can actually start working more hours now. Amazing! Thank you, Boris, for this opportunity. I have great hopes for the future."

Acne Is Totally Gone!

"I am 14 years old and have had problems with acne. My mom came home with a hydrogen device, and she told me to drink and inhale hydrogen and also to spray hydrogenized water on my face. Well, I did as I was told, which was three weeks ago, and now my acne is totally gone! Sometimes, mom knows best, I guess."

That's a Quality Test I Can Trust! Bring It On!

"I did a little experiment with all my pets. They don't listen to commercials, and they always know what's best for them... I thought that if my pets prefer hydrogenized water, then I will buy the machine. So, I put regular tap water, ionized water and hydrogenized water next to each other so my pets could choose. ALL of them, even the horses, chose the hydrogenized water at first opportunity, so I said to myself: OK. That's a quality test I can trust! Bring it on!"

Dog Wound Healed Faster Than Anything I Have Ever Seen!

"My dog had a deep wound on her front paw. I put her whole paw in a bucket filled with hydrogenized water to soak for a couple of minutes as often as I could during the day. The wound never got infected and healed faster than anything I have ever seen. The funniest thing happened the third day: I came into the kitchen and there she is – with her little paw in the bucket with hydrogen water – all by herself!!! Animals are amazingly smart!"

After Years My Ear Itching Is Entirely GONE!

"I have had ear problems for 5 years. My ears have been itching and fluids running out of them, and no medical doctor has been able to help me. I have now directed hydrogen gas directly into my ears and the itching is entirely gone! My ears are dry and feel great, and my tinnitus of 30 years has decreased dramatically! Unbelievable!"

****REFUND POLICY:** You Wealth Revolution appreciates and values all our listeners and speakers. As a show of our appreciation, we are happy to offer a 30-day Money Back Guarantee to our valued customers to better help them discover if a product will work for them. **In the case of Boris Aranovich's wellness products**, a refund is available within **30 days of purchase**, or until **14 days** of receipt of your returned shipment of unused/unopened packages (due to international hygiene rules on wellness device products), or until 11:59 pm Eastern **September 5th, 2023**, which is before the live sessions begin (whichever comes first). Additionally, Shipping fees are **non-refundable**. However, as a way to help show our speakers how much we treasure their knowledge and hard work, a refund can only be offered on one package per customer in a 90-day period. Multiple refunds requested by the same customer within 90 days will not be accepted. Should the speaker's offer involve a personal session, the guarantee will be voided in the event that the session has been used. Should the speaker's offer include digital content, the guarantee will be voided and no refund granted if more than 30% of tracks have been downloaded. We rely on your integrity as a You Wealth listener to honor each speaker's digital assets. Additionally, all requests for refunds should be submitted within the 30-day guarantee period. **In the case of Boris Aranovich's wellness products**, a refund is available within **30 days** of purchase, or until **14 days** of receipt of your returned shipment of unused/unopened packages, or until 11:59 pm Eastern **September 5th, 2023** (whichever comes first).
